

## 7.07 MOVING OF BUILDINGS

(1) That no building shall be moved over any public way in this municipality without a permit issued by the Building Inspector or the Village Board.

(a) Before a permit is issued to move any building over any public way in this municipality, the party applying therefore shall give a \$25,000 performance bond or a \$10,000 cash deposit to the Village Clerk. The bond is to insure that the permittee erects adequate barriers around the excavation exposed by the removal of the building from its foundation. Such bond or cash deposit is to be returned upon meeting the above requirements and those set forth in subsections (d) and (e) below, to the satisfaction of the Building Inspector. Should the conditions set forth in this section not be met by the permittee, the Building Inspector shall have the same done to his satisfaction, charging the cost thereof to the performance or cash deposit.

(b) The Building Inspector shall require in addition to said bond, public liability insurance covering injury to one person in the sum of not less than Three Hundred Thousand (\$300,000) Dollars and for one accident in a sum not less than Five Hundred Thousand (\$500,000) Dollars together with property damage insurance in a sum not less than Fifty Thousand (\$50,000) Dollars.

(c) When a permit is issued the movement of the building shall be a continuous operation during all hours of the day and night until such movement is fully completed. No building shall be allowed to remain overnight upon any street crossing or intersection as to prevent easy access to any fire hydrant or any other public facility. Lighted lanterns shall be kept in conspicuous places at each end of the building during the night.

(d) Every person receiving a permit to move a building shall within one day after said building reaches its destination report to the Building Inspector who shall inspect the streets and highways over which said building has been moved and ascertain their condition. If any damage is reported, the person to whom the permit was issued shall forthwith place them in good repair as they were before the permit was granted. On the failure of said permittee to do so within ten (10) days thereafter to the satisfaction of the Building Inspector, the Building Inspector shall authorize to have the repairs of such damage done by the Village owner property and shall hold the permittee responsible for the payment of same from his bond or cash deposit, as provided for in subsection (a), above.

(e) Every person receiving a permit to move a building shall within one year after said building reaches its destination have the home in a habitable state to the satisfaction of the Building Inspector. On the failure of said permittee to do so within one year the Building Inspector shall authorize to have the home put into a habitable state or have the home demolished and removed from the site and shall hold the permittee responsible for the payment of same from his bond or cash deposit, as provided for in subsection (a) above.
