

9.04 WISCONSIN TRACTION, LIGHT, HEAT, AND POWER COMPANY

- (1) The Village of Hilbert hereby consents that the Wisconsin Traction, Light, Heat and Power Company, a Wisconsin corporation, its successors and assigns may occupy any street, alley, lane, park or public ground in said village for constructing, maintaining and operating lines with all necessary wires, conduits and appurtenances for the purpose of supplying electric current for light, heat, power or signals to said Village of Hilbert or to any building, manufactory, industry, or public or private house in said Village and also for the purpose of conveying current into and thru the said Village for the purpose of furnishing light, heat, power or signals to points or places outside of said Village providing, however, that no permanent injury is done to any such street, alley, lane, park or public ground. It is agreed and understood that electric service hereunder will be furnished within one year from date of granting of this franchise or same shall be void and of no effect.
