

RECYCLING NEWS UPDATE

PROGRAM UPDATE

With the way the weather has been lately, are we now down to 3 seasons instead of 4? Hopefully the weather warms up soon and stays warm. Having rain and accumulating snow within a 24-hour period seems to be happening more and more each year which makes it more difficult to do our spring cleaning as we are trying to come out of the doldrums of winter.

We have our 2022 Spring Clean event scheduled for Saturday, April 30th from 8 a.m. to 11 a.m. We will be running it in a similar fashion this year as it has been previously. Enclosed with this newsletter is information regarding the event. Also enclosed with that flyer is the 2022 dates for electronics recycling and hazardous waste events that are being held by the county. Some of the events require you to pre-register while others do not require registration. Please check the county's website at calumetrecycles.com for further details. There are also plans for a tire recycling event for this year. As of the date of this newsletter, the date has not been set yet but it is anticipated to be sometime in May.

YARD WASTE

Please remember that we still have our compost site available for residents to drop off their brush and yard waste. This program is for residents of the village only and is not open to anyone outside of the village even if they have a Hilbert mailing address. Please keep an eye open and if you see someone that is not a village resident bringing in yard waste or brush, please grab a license plate number along with the date and we will contact them to educate them about this facility only being available for village residents. As has been the case in the past, please use care in dumping your yard waste and brush at the site. Please ensure that you are dumping the material on the correct pile. There is a multiple year process that the material goes through in order to become usable compost material. If there is material dumped on the incorrect pile, it can cause issues with this composting process. We also ask that you use care in ensuring that only the allowable material is brought to the site. This area is not a dumping site for other materials such as concrete, brick, garbage, etc. If you have concrete material that needs to be disposed of, it can be done at the wastewater treatment plant by appointment. We recycle the concrete there and use the recycled material as base in our projects. Please contact the clerk's office to make arrangements. Also, please remember to keep all grass clippings out of the roads as the weather starts to get warmer and we begin to think about cutting our lawns again. It is against current ordinance and if we have to clean it up out of the gutters, you will be billed accordingly. Lastly, we will chip brush up to 4" in diameter. If you have brush that needs to be chipped, you can either haul it to the compost site and place the brush on the brush pile. If it is a small amount of brush, we ask that you haul it to the compost site. We can also chip on site for larger quantities. You must contact the clerk's office at 853-3241 to request the chipping at your property. We usually chip once a week on Wednesdays. If you do not call to have the brush picked up and chipped, it will not be done.

Compost and wood chips are available for village residents free of charge. If you know someone that is outside of the village that is interested in some material, they can purchase it for \$5.00 per yard which is a reasonable fee for the material. Non-residents can contact the clerk's office for more information on this.

The Recycling Committee

VILLAGE OF HILBERT RESIDENTS SPRING CLEAN UP EVENT

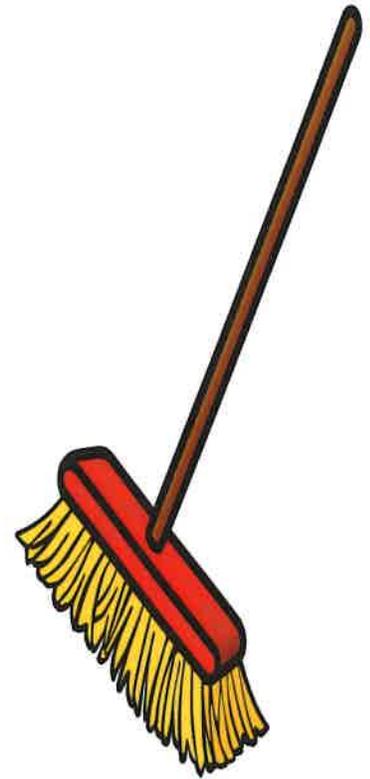

Saturday, April 30th 8 AM – 11 AM

At the gravel area on 5th St. across from the Community Center!

The Village of Hilbert will be providing a heavy refuse drop off day to all Village residents for Heavy Refuse Items on **Saturday, April 30th** only. Village residents can drop off items listed on the acceptable list from 8 a.m. – 11a.m. *If non-acceptable items are brought to the site, you will be required to take them back with you.*

All residents are to follow the signs on how to enter/exit the site. Volunteers will be available to advise you on where to put the items but they *WILL NOT* unload or touch any of the items. This is the responsibility of the resident – so, if you need help with this process, please bring extra help with you.

Thank you for your cooperation!

ACCEPTABLE ITEMS

- Couches, chairs, tables, desks, sinks, toilets, or any other household furniture.
- Carpeting, pads from carpeting, and rugs. **MUST** be cut into 4' sections and tied securely.
- Bedsprings, mattresses, bed frames, swing sets, clothesline poles (with concrete removed from the poles), bicycles and parts.
- Non-hazardous household refuse that is properly bagged or bundled. All loose material must be bagged or bundled. **No loose material will be accepted.**
- Scrap Metals
- Freon Free Appliances (Washers/dryers, stoves, water heaters, dishwashers, etc)

NON-ACCEPTABLE ITEMS

- Computers & Electronics (telephones, laptops, CPU's, fax machines, printers, photocopiers, VCR's, DVD players, Blue Ray players, televisions, radios)
- Microwaves
- Appliances Containing Freon (even if removed)
- Fuel Powered Engines
- Large amounts of construction & remodeling debris (plaster, shingles, siding). These items require that you schedule to have a dumpster at your own expense.
- Yard Waste
- Liquids (such as leftover spray cans, chemicals, paints, varnishes, etc.)
- Fluorescent bulbs
- Batteries
- Tires
- Residential recycling items

**PROOF OF
RESIDENCY
MAY BE
REQUIRED**

A blue starburst graphic with a jagged, multi-pointed border. Inside the starburst, the text "PROOF OF RESIDENCY MAY BE REQUIRED" is written in a bold, black, sans-serif font, arranged in four lines.

**Please see the back of this page for
